Weekly Report Form	نموذج تقرير أسبوعي

Week Number: ....4...........

Date: ...4 – 8 / 8 / 2024...........

Trainee Name: ......Samar Al-Khayyat...........

Description of tasks / Assignments:

In the 4th week, I was tasked with creating a developer interactive general survey structure. By coding templates for all main components (check-boxes, text area, radio buttons, combo box, etc) and customizing them, significantly increasing effeciency in the repeated manual creation of survey forms. As a result, we are now able to construct complete and coherent forms by simply filling a list with our questions and their types. The flexible program handles the rest, distributing the components on the interface page based on each questions charachteristics such as; visibility, editability (enabled / disabled - to be fillable/changeable), mandatoriness and keyboard style for text fields, while displaying the question at the top. Additionally, the program allows for distributing questions across multiple lists, consequently, multiple pages, depending on their relations.

Training Supervisor's Remarks:

After following up on her tasks,
"Excellent Job"
